

Evolutionarily Significant Units Of Steelhead Salmon

(Does not include "Not Warranted" ESUs)

LEGEND

Evolutionarily Significant Unit (ESU) and Status

- Central California Coast (T)
- Central Valley (T)
- Klamath Mountains Province (C)
- Lower Columbia River (T)
- Middle Columbia River (T)
- Northern California (C)
- Oregon Coast (C)
- Snake River Basin (T)
- South-Central California Coast (T)
- Southern California (E)
- Upper Columbia River (E)
- Upper Willamette River (T)

(C) Candidate, (E) Endangered, (T) Threatened
(Does not include "Not Warranted" ESUs)

National Forest System

- Inventoried Roadless Area where road construction or reconstruction is allowed
- Inventoried Roadless Area where road construction or reconstruction is not allowed
- Inventoried Roadless Area where road construction or reconstruction is not allowed, and the forest plan recommends as wilderness
- Designated Areas outside of Inventoried Roadless Areas
- National Forest System land outside of Inventoried Roadless Areas - not all private land is shown on the map
